LOOK AT YOURSELF Is Suffering Writing Lines In your Face?

Many a handsome woman looks in the glass and sees the premature lines of the old hag already beginning to show in her face. Secret suffering and sickness is writing those lines every day plainer and plainer.

They don't know what to do. Their backs ache, their bodies ache; poor appetite, bad digestion, sallow skins, drooping shoulders, always tired. Probably suffering from organic or functional trouble peculiar to women. Doctors don't seem to help them. It's pitiful. But there is a way out.

A distinguished Southern physician gave a life time of constant study to perfecting a remedy for suffering women and when he had perfected it he rightly called it *Stella Vitae*, the star of life.

All dealers sell it and so certain are they that they guarantee to give your money back if *Stella Vitae* doesn't benefit you. If you want to stop that nagging pain, aid your digestion, clear up your complexion and regain your physical attractions try a bottle of *Stella Vitae*. Try it today. Don't hesitate, for it costs you nothing if it fails to benefit you. Your dealer sells it in \$1 bottles. Truher Medicine Co., at Chattanooga, Tenn.

THE BIGGEST TYPEWRITER IN THE WORLD.

A typewriter that is nearly 2,000 times the size of the ordinary machine is one of the novel exhibits at the Panama-Pacific Exposition. While installed principally as an advertisement, this enormous machine also serves another purpose of as great importance, since it is used for writing news paper bulletins that can be read a block away. This machine, which is 21 ft. wide and 15 ft. high, is reported to have cost \$100,000. The type are 3 in. in height and print letters which are spaced 2 in. apart from center to center. The weight of the carriage is 3,500 lb., the diameter of the key cup, which is the part of the machine ordinarily pressed by the finger, is 7 in., while the hollow cylinder is large enough for a man to crawl through. For using the machine, paper 9 ft. wide is required. A picture of the machine appears in the April Popular Mechanics Magazine.

Home Creek.

Well after some delay I will try to write you a few lines.

We are having some more cold damp weather and it looks like spring is never coming. The ground is in good condition for spring work.

J. A. Barker has moved into his new house. It seems like home.

Uncle Tom Campbell of Clear creek, an old settler, passed away last Saturday. He was sick but a short time. He was a good neighbor and a good man.

C. B. Barker and Wiley Zinn have commenced hatching and several have sowed oats and barley.

Mr. Benton on the school section has been doing some fencing and he is also going to build a house.

Mr. Hatcher's boy (at Liberal, Kans.) He is getting along fine and will be ready to come home in a few days.

W. P. Zinn's little boy was very sick Monday. He had a high fever and had one spasm, but is better at this writing.

Mr. Whitefield is fixing to go to New Mexico to live. He filed on land out there. We are sorry to see him leave.

Fred and Bode Turner have gone to Colorado to file on land. There are several in our county who are going to Colorado to get land.

W. B. Barker's sale was well attended but scarcely anything was sold on account of the price. He sold one team of mules and one horse.

C. J. Leisure and family have gone to South Texas. W. L. Mason bought his farm, and Mr. Rose will farm it this year.

Ed Twentier has been drilling a well. He has over forty feet deep.

Bill Fugate has gone into the hog and turkey business. He has 6 hogs and he bought a fine red sow and five shoats.

Geo. Chamberlin has returned from Kansas.

Beware of Ointments for Catarrh that Contain Mercury
As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 50c per bottle. Take Hall's Family Pills for constipation.

Twin Mounds.

April 2.—Spring seems to be here to stay. All kinds of birds' notes mingle with the cherry chirp of the sparrow and meadow lark that have been with us all winter. Soon the mocking bird will be making melody in the orchard.

The stork is also in evidence. This time honored bird swooped down and left a fine baby son at the home of Mr. and Mrs. Charles Greene on Tuesday. The little lad is especially welcome as he is the only boy in the family.

Irvin Young's granary collapsed and spilled about fifteen hundred bushels of kafir corn last Saturday just as Irvin and another man had finished putting in the last load. It is said the boys did some lively scrambling to get out of the way of the oncoming rush of grain.

Pine-Tar-Honey penetrates the linings of the throat and lungs, destroys the germs, and allows Nature to act. At your Druggist, 25c.

Couch Items No. 2.

John Tunder happened to a serious accident Wednesday morning of last week. While going after a load of feed for his cattle he got out of the wagon to walk, as it was a cold morning and in some way fell down and the wagon wheel ran over one of his legs and bruised it so he can hardly get around on it. John being a bachelor and living alone makes it very inconvenient for him. With a few more such accidents John will soon see the need of a gentle hand to prepare his meals and take care of his wounds.

Easter Sunday was a sad day for Paul Winters. Some way his barn caught on fire and burned down. The loss consisted of one horse and some harness besides the barn which belonged to a rented place owned by Ben Kennedy.

Monday was a busy day over on Willow Creek. A. M. Ives let a fire get away while burning thistles that morning and D. B. Kinder lost control of a fire in the afternoon.

School closed at Anthony Wednesday, March 31st, with a splendid program at night.

Of course there is no one in the Couch neighborhood that is superstitious or that believes in signs but there are some here that planted their potatoes on Good Friday.

Easter flowers are scarce as hen's teeth, not even the sand plums in bloom.

Barley is coming up nice and wheat is looking good and with sufficient rain from now on we will have another good wheat crop.

O. H. Coffin was appointed Treasurer of Kokomo township by the County Commissioners Tuesday.

ANOTHER REMINDER TO BE CAREFUL WITH GUNS.

The following from the Gate Valley Star, is only another account of the careless use of a gun. There are many such accidents brought to our notice nearly every week and they should constrain those who handle fire arms to be more careful but, will we take warning? The article follows:

MRS. FOSTER SHOT.

What might have been a very serious accident occurred at the Foster home west of town this afternoon, when John Foster shot a rabbit with a 22 calibre rifle the ball passing through the rabbit and striking Mrs. Foster in the forehead ranging upward.

Dr. Nyland was immediately called who located and removed the bullet from the top of her head, it having scraped the skull. Had the bullet gone one inch lower it would in all probability have proved fatal. This should be a lesson to all who handle guns to be careful.
